40 MILES IN 17 HOURS.

Record Time made By West River Train
—Passengers Indignant.

Brattleboro, Dec. 17.—From 8 o'clock
Saturday morning to 1 o'clock yesterday
morning, 17 hours, was the time required by
the regular passenger train on the West
River railroad in making a trip from
Brattleboro to Brattleboro and
return as far as Newfane, a distance of
40 miles, and for most of that time the
passengers were without food and were
obliged to rely upon a small stove in one
end of a car for heat.

The throttle of the locomotive became
disconnected about two miles south of
West Townshend, and it was necessary
to wait for the northbound mixed train.
The engine of that train was coupled to
the passenger train and proceeded with
it toward Brattleboro. Townshend was
passed and the grade at the "sal-
mon hole," three miles north of New-
fane, was reached. Here the two engines
were uncoupled from the train and the
mixed train engine, No. 36, started
with the dead engine for Newfane, in-
tending to return for the passengers.

An hour passed by and then another,
and finally the conductor tramped some
distance to a farmhouse where there
was a telephone and found that the
two engines were stalled on the grade,
No. 36 being unable to pull the other
over. The passengers, all except the
women and children and a minister, if
it alleged, did some tall cussing because
the dead engine had not been left at
Townshend, but it did not do good.

Meanwhile, the engine having been
disconnected, the cars became cold and
a fire was built in the stove in the rear
end of the car, which was a combina-
tion mail and smoker. The women
and children huddled around the stove
and the men took turns in getting
warm, the car not being large enough
for all. At 2 o'clock word was received
from Brattleboro that another engine
would be sent to the relief of the pas-
sengers.

At 4 o'clock the same promise was
made and at 5 o'clock the promise was
repeated to the passengers. At 5:30 the
passengers learned that the relief en-
gine actually had started. Just before
7 the relief engine arrived.

On reaching Newfane an hour was
consumed getting orders from New-
fane, and at 8 the train started for
Brattleboro. The same train should
have left Brattleboro on the return trip
at 5:45, but it did not get until about 1
yesterday.

Among the passengers were B. S.
Gallup, president of the Gallup lumber
company of Jamaica; C. H. Willard of
Townshend and W. H. Taft of West
Townshend, mill owners; George Hol-
comb of the Jamaica lumber com-
pany; Judge A. E. Cudworth and
Deputy Sheriff J. W. Melendy of South
Londonderry; M. J. Haggood, a mer-
chant of Peru, and Frank O. Smith, a
South Windham storekeeper. These
men and their denunciations of what
appeared to be a delay on the part
of the railroad company were to get
the broken engine to Brattleboro
than to get the passengers to their des-
tination.

Here's Good Advice.

O. S. Woolver, one of the best known
merchants of Le Royville, N. Y., says:
"If you ever are troubled with piles,
apply Bucklen's Arnica Salve. It cured me
of them for good 20 years ago." Cures
every sore, wound, burn or abrasion. 25c

Doubles the Number of Eggs.

To be successful with poultry re-
quires a great deal more careful atten-
tion than many are apt to think. The
house should be large and warm. The
fowls should have plenty of exercise,
but, more than that, the fowls should
be given as food what their nature de-
mands and what, if allowed free range,
they could procure for themselves.
"Page's Perfected Poultry Food" con-
tains these ingredients in a carefully
compounded ration. An Omelet of
South Newbury, Vt., has the following
to say in regard to this food: "We
have been for some time using your
"Perfected Poultry Food" with such
good results that we thought it a prop-
er thing to tell you. It keeps our hens
well and in good laying condition and,
we think, doubles the number of eggs.
Being in good condition, lice do not
trouble."

Any one sending his address on a
postal card to C. S. Page, Hyde Park,
Vt., and mentioning this paper, will re-
ceive by mail, free of postage, a sample
package of "Page's Perfected Poultry
Food."

"A QUARTETTE OF JOLLITIES."

From Barre Visited Hardwick Recently,
Impression of Them.

Meas. Whitcomb, Whittier, Moore
and Small, a quartette of jollities from
the center of business gravity of Ver-
mont, were registered at hotel De
Hopkins during the December day
that fell steadily from Monday night
till Wednesday morning says the Har-
wick Gazette. They drove in via Wood-
bury, the disagreeable weather prevent-
ing them getting out and earning an
honest livelihood and with a "peculiar"
individual from Western Pennsylvania
who was registered there, kept the new
house of Hopkins busy and the inmates
awake all night. The five of them
were Shriners and had evidently been
instructed in quack-deeds of devilry
that were heretofore unknown to the
house. They visited the hostelry all
right. Its cuisine elegant and left for
home Wednesday forenoon, with a
warm invitation from the proprietor to
come again.

SOUTH CABOT.

Much Over Death of Mrs. L. A. Paquin,
a Former Resident.

The community was saddened last
Thursday by the death of Mrs. L. A. Paquin
of Peacham, a former resi-
dent of this place. Mrs. Paquin was
a woman who was liked and respected
by all who came to know her. She was
born in this place 50 years ago last
May, and had spent most of her life
here. After the married Alfred Paquin
they lived with her parents on the old
home place for quite a number of years.
She leaves three children and a husband
to mourn her loss. One son, Bert, and
one daughter, Minnie, live at home, and
Mable who married James Gregg, for-
merly of Peacham is now living at
Hampton Beach, N. H., where they
moved last spring. Mrs. Paquin will be
greatly missed in her family as she was
a loving mother and the best of wives,
the family have the heart-felt sym-
pathy of all who know them.

Joe Jock has moved his family into
the Edgar Kiddle house.

James Cassidy and wife of Danville
were at D. S. Hall's last Sunday.

C. M. Lambertson and wife were call-
ed to Peacham last week by the death
of Mrs. Lambertson's sister, Mrs. L. A.
Paquin.

Those who have been confined to the
house the past week with the prevailing
dysentery are Mrs. D. S. Hall and daugh-
ter, Marion, Mrs. Ernest Adams and
Mrs. W. O. Southwick.

Those from this place who attended
the funeral were O. J. Clark and wife,
George Heath and wife, Charles Hough-
ton and Mark Hall. The funeral was
held last Saturday at 11 o'clock, the
Rev. Mr. Currier of Cabot officiating.
The body was brought here and buried
beside her father and mother. The
friends of South Cabot sent a nice pillow
to show their love and esteem.

BOSTON TO CZAR.

Letter of Protest Against the Arrest of
Tchaykovsky.

Boston, Mass., Dec. 18.—The recent ar-
rest in Russia of Nicholas Tchaykovsky
and Catherine Breslavsky, both well-
known in Boston and now confined in the
fortress of Peter and Paul at St. Pe-
tersburg, has led prominent citizens
here to make an effort in their behalf.

As the first step in the movement to
obtain the release of the prisoners, a
letter, signed by Bishop Lawrence, Col.
Thomas Wentworth Higginson, Robert
Taine and fifteen others, has been for-
warded to Baron Rosen, the Russian
ambassador at Washington, asking for
clemency from the Russian government.

IN BOSTON MARKETS.

Butter Market Holds Firm and Slightly

High For Creamery Stock.

Boston, Dec. 18.—The local butter

market is firm and slightly higher for

the small amount of strictly fancy fresh

made creamery stock that is available.

A good many consignments that usually

grade extra do not come up to that

standard and have to go at easy prices.

There is a steady demand for top grade

goods, but for anything else the in-
quiry is rather slack.

The cheese market is only moderately

active, but it seems to be taking on

some strength. Holders of fancy Sep-
tember twins are not at all anxious to

part with them at current quotations.

Late made cheese is plenty and rather

dull, but prices hold up pretty well,

nevertheless.

Eggs are steady and fairly active.

There are more hennery, fresh northern

and western eggs on hand than there

was a week ago, but they are not so

plenty. Refrigerator stock is preferred

to ordinary fresh lots and stocks in

local lots were reduced materially last

week.
